4. [REDACTED] LIAISON Called Jack Brady, on the staff of the House International Relations Committee, to alert him that we have received another letter from Representative Lester L. Wolff (D., N. Y.) inquiring about CIA support to resistance groups in and around Burma. I reminded him that [REDACTED] had asked him to pass our denial to Congressman Wolff. Brady said he had done so several months ago. I said since Congressman Wolff has asked us again, I thought we should see him directly. Brady thought that was a good idea. I called Ted Shackley, Chief, EA Division, who is following up on Congressman Wolff's call to the Director and will be happy to take care of our problem with the Congressman at the same time. Should Mr. Shackley be invited to meet personally with the Congressman, I will accompany him.
